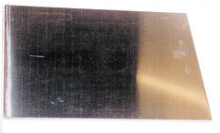
Jon Boat Pedestals and Seat Mounts

Aluminum Pedestal

This heavy aluminum pedestal works well on many jon boats. It has one side open for storage. It is 14" high and is heavily reinforced for seat mounting.

A.K.'s price **$79.99**

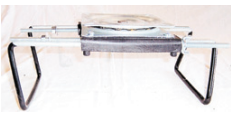
Aluminum Reinforcement Plate



This .125 gauge aluminum plate is used for reinforcement when mounting pedestals and seats in jon boats. It measures 17" (length) 12" (width) with a 2" lip.

A.K.'s price **$29.99**

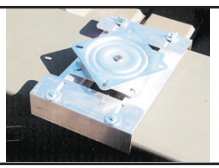
Removable Seat Mount



This removable seat clamp works perfectly as a non-permanent mount. It includes a swivel, is well built, and adjusts from 8" to 19". If you want the ability to easily install and remove your seat, this mount could be for you.

A.K.'s price **$31.99**

Alumacraft Jon Boat Seat Clamp



(Shown with optional swivel.) Available in 13", 16" or 19" widths. Fits seats only with lip or overhang.

Seat mount **$31.99**

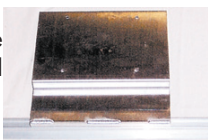
Swivel **$7.99**

Lowe Seat Mount

This is the seat mount we highly recommend for mounting seats in your jon boat. It is available in five sizes (12", 14", 16", 18", 20" and 22") for different width seats. The mount slides down over the bench seat and is screwed into both sides in several places. The swivel seat is installed on the mount before it is attached to the bench seat. These mounts are three inches higher than the bench seat and will not pull out.

A.K.'s price **$31.99**

Lowe Slider Base



The Lowe slider base is the ultimate in seating for a jon boat. It is desirable when one wants to be able to move the same seat from side-to-side. Its track mounts to the bench seat and a locking swivel seat slides along the track. The seat is easily removable by tilting forward and lifting up.

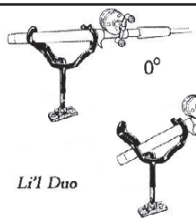
Fight The Fish... Not The Rod Holder!

Driftmaster's one step release sets the hoook and frees the rod in one easy motion. That means fewer missed strikes!



Li'l Duo

US Patent No. 6,487,813

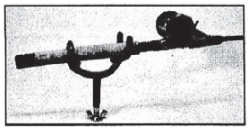
A.K.'s Price **$16.99**

Everything you need in a rodholder. Adjustable rodholders only give you two effective fishing positions and they can break, sending your expensive equipment to the bottom of the lake. The Duo and Li'l duo give you the most effective rod angles and it will not break...ever! Holds rod tip at 0° with handle in top loop of 30° when handle is in bottom loop. Comes standard with stainless steel stem & wingnut.

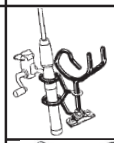
Pro Series
The choice among saltwater and freshwater anglers. Built wider to hold larger rod handles. All Pro series holders have 1/2" diameter stems and fit only Pro series bases.

Li'l Pro Series
Just the right size for panfish but tough enough to handle a "big un." All Li'l Pro series holders have 3/8" diameter stems and fit only Li'l Pro series bases.

Li'l Pro Pro— Holds rod tip in horizontal position for fishing straight down. *Li'l Pro*—5° angle keeps long pole tips out of the water.

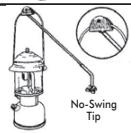


A.K.'s Price **$12.99**



Rod Rester
- Avoid tangled lines and broken tips
- Secure rod in vertical position
- Attaches to any Pro or Li'l Pro stem

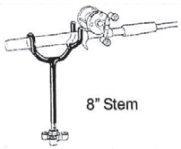
A.K.'s Price **$10.99**



Lantern Holder
- Fits any Pro base
- Plated steel
- Holds lantern over water or in boat

A.K.'s Price **$19.99**

Longstem— All Rod Holders are available with 8" stem. Not available on Lean-mean rodholder.

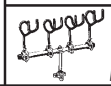


A.K.'s Price **$16.99**

Li'l Troller
Hold rod at 45° trolling angle. A closed rear loop grips rod handle securely when experiencing slack line or rough water.

US Patent No. 6,487,813

A.K.'s Price **$16.99**



- T-Bar adjust left to right and locks in place
- Rodholders adjust vertically and left to right
